

Twin TV Table

June 2019

Product Code: CDT014h

Description: Clear acrylic twin TV table. The top and shelf are held in place with stainless steel fixing bolt attaching to the legs, allowing the table to be flat packed for ease of transport.

Acrylic comes into its own when thicker material options are used. Light refracts when it passes through a denser medium allowing the polished edges to come to life, hence enhancing your table design and aesthetic value.

Size: Length 2400mm, Width 400mm x Height 500mm

Product Code	Material	15mm	18mm	20mm
